What is Rise with SAP?

Business Transformation as a Service

Rise with SAP is a comprehensive offering that simplifies your digital transformation journey. It's like an all-inclusive vacation package, but for your business transformation.

Simplified Complexity

SAP acknowledges the intricacies of digital transformation and offers to handle it for you, making the process smoother and more manageable.

All-in-One Solution

Rise with SAP provides a complete package for businesses looking to become Intelligent Enterprises, covering all aspects of digital transformation.

Key Components of Rise with SAP

SAP S/4HANA Cloud

The brain of your Intelligent Enterprise, a smart ERP system running in the cloud.

Business Process Intelligence

An automated consultant that analyzes and optimizes your business processes.

SAP Business Technology Platform

Your toolkit for innovation, allowing system extension and integration.

SAP Business Network

Connects your business with suppliers, logistics providers, and other partners.

Rise with SAP simplifies digital transformation, making it less like renovating your house while living in it and more like having a team of expert contractors handle everything for you.
